

Form A – Certification Form

The bidder hereby certifies that all of the statements and representations made in this proposal are true to the best of the bidder's knowledge and belief, and agrees to be bound by the representations, terms, and conditions contained in the RFP. The bidder accepts the contract included in the RFP, except as specifically noted in writing.

Submitted by: _____
(exact legal name of firm)

Bidder: _____
(if different than above)

Signature of an officer of bidder: _____

Print or type name of officer: _____

Title: _____

Date Signed: _____

Form B – Bid Cover Sheet

1) Project / Facility Name: _____

2) Project Location (city, county): _____

3) Bidder Contact:

Name: _____

Company: _____

Address: _____

Phone / Fax: _____

Email: _____

3) Alternate Bidder Contact:

Name: _____

Address: _____

Phone / Fax: _____

4) Estimated Peak Nameplate Capacity kW DC: _____

5) Estimated Annual Calendar Year Energy Production (MWh) _____

6) Proposed Construction Start Date: _____

7) Proposed Commercial Operation Date: _____

Form C – Technical Description

1) Describe the solar technology, including, for example, the number of proposed PV panels, the number of inverters, ancillary equipment, etc.:

2) Provide relevant specifications about the proposed generation, inverter and other significant equipment such as brand, model, fabricator, rating, size, capabilities, etc.

3) Describe the configuration of the proposed generation equipment:

Form D – Construction Milestones

DATE		RESULTS ACHIEVED
	1	Seller shall submit \$5,000.00 project deposit which is refundable if the project is complete by June 1, 2011.
	2	Seller shall provide Public Service with an executed Interconnection Agreement from the utility serving the customer.
	3	Seller shall provide Public Service with copies of applicable inspection reports for the project.
	4	Seller shall have achieved closing on financing for the Facility or have provided Public Service with proof of financial capability to construct the project
	5	Seller shall provide Public Service with evidence of complying with that insurance coverage required prior to the Date of Commercial Operation.
	6	Seller shall have made the Interconnection of the solar generating facility to the Customer's load, and are capable of being energized.
	7	Start-up testing of the project commences
	8	Commercial Operation has been achieved and the date duly recorded.
	9	All SO-REC and Rebate contracts have been executed. All other requisite documentation is on file.
